No. The competition is open to non-members and members alike.

Q4 How much does it cost?

IDR 200,000 (early-bird) if you register before 1 August 2026, then IDR 300,000 from 1 August onwards.

Frequently Asked Questions

Questions 7-12

Q7 Can I withdraw after registering?

You can, but the registration fee is non-refundable.

Q8 What kind of businesses are you looking for?

We're focused on four areas: Fintech & Digital, Sustainability, Global Export, and Consumer Goods — but we welcome every business that contributes to the SDGs.

Q9 What do I need to submit?

Three things: a business introduction deck (PDF or Drive link), a pitch video (maximum 2 minutes, Drive link), and a high-quality headshot.

Q10 Does it have to be 100% my own business?

You need to be the one actually running it. Family business is fine if you can genuinely speak to it as founder or owner-operator.

Q11 Does my business need to be a registered CV or PT?

No — not required to apply. Encouraged, and something you can formalize later as you grow.

Q12 I'll turn 41 before the Final — am I still eligible?

Yes — eligibility is based on your age at the time of application, not the event date.

Q14 Is the final online or in person?

Q17 Who are the judges?

Our judges are experienced business professionals who have established sustainable enterprises benefiting the community and environment. Find the list on our social media and in the pitch deck.

Q19 What language is the pitch?

English. Application forms and all pitching are conducted in English.
